

ENVIRONMENT POLICY STATEMENT
Issued: November 2014

A.P. Broome Landscapes Ltd is committed to sustainable development, the prevention of pollution and protection of our natural and archaeological environment. Preventing harm to the wildlife, flora & fauna, contributing positively to local communities and minimising carbon emissions and waste production are integral and fundamental parts of our business strategy. We aim to meet and where possible exceed our legal & morale responsibilities and work within the guidelines of the ISO 14001 standard to which we are accredited

Our Environmental Objectives for 2015 are to:

- Following an impressive 30% reduction in carbon emissions, our goal is to maintain this figure for the coming year
- Improve training provisions & training workshop activities for site based environmental awareness, with a goal to further improve instruction, training, information & supervision for all employees and contractors
- Review of waste management arrangements & waste partners
- All Managers will undertake environmental training with IEMA

We are committed to:

- Delivery of the company environmental objectives
- Provide adequate resource to support the maintenance & development of our environmental processes and controls
- Demonstrate continual improvement of our environmental performance through setting and reviewing specific objectives and targets as often as is appropriate
- Provide training and guidelines for employees and sub-contractors who all have a responsibility under this policy to ensure guidelines are followed and our objectives are met
- Identify potential pollution or any other harmful environmental impacts or breaches of social and/or ethical principles through our activities or products and to minimize them through effective inspection, measuring, monitoring and controls
- Reduce our environmental impact through the introduction of waste minimisation
- Monitor resources, raw material and energy consumption in all operations and set targets for improvements
- Comply with all relevant legislation, codes of practice and standards
- Co-operative fully with the appropriate local and regulatory authorities
- Work effectively with all our suppliers and clients to ensure we and our subcontractors continually strive to achieve the highest possible environmental standards within our area of business expertise

This policy statement is communicated to all employees and copies are freely available to the general public, suppliers, contractors, regulatory authorities and customers. The policy will be reviewed annually or on the introduction of new legislation, processes or raw materials

The organisation and arrangements for delivering our environmental objectives and policy are outlined within the Environmental Manual and company HSQE Management system

Signed: 

Mr Anthony Broome
Managing Director
